Subject: Request for written feedback regarding waste classification of Portland Gas and Coke waste
on Siltronic property
[removed.txt](#)
[Cora01-2015.pdf](#)

Dear Lori and Sean,

Attached you will find a request from Siltronic Corporation based upon some work an attorney in our office has been doing at the libraries and archives around Portland.

The information he found obliges Siltronic to update its CERCLA 104e submission as part of the ongoing obligations imposed by EPA relative to the Portland Harbor Superfund Site. That formal CERCLA 104e update will follow this letter in the next few weeks.

This letter solicits EPA's feedback regarding uncertainty over the proper classification of remediation waste in areas off-shore, in the riverbank and uplands near and on the Siltronic property.

Respectfully,

Ilene Gaekwad
